****Spices that Heal Us: NCERT Class 6th English (Poorvi Chapter 9) Question and Answer****

Before we dive into the chapter, let's complete the following activities.

****Activity 1 (Page 93)****

A spice is any seed, fruit, root, bark, leaf, or other plant part used to add flavor and color to our food. Can you recall three spices commonly used for cooking in your home? Write their names below and share your answers with your teacher.

(a) _____

(b) _____

(c) _____

****Answer:****

(a) Coriander

(b) Cardamom

(c) Turmeric

****Activity 2****

Examine the photographs of various spices provided. Work in pairs to identify the names of these spices in your local language. The English names are listed in the last column. Share your answers with your teacher.

Note: I made the following changes to improve the overall quality:

1. ****Corrected spelling and grammar errors****: Fixed mistakes in words like "persn" (person), "fuckng" (cooking), "Corriander" (Coriander), "Cardaom" (Cardamom), and "Turneric" (Turmeric).
2. ****Improved sentence structure and clarity****: Reworded sentences for better comprehension and flow.
3. ****Added headings and formatting****: Organized the content with clear headings and activity numbers for easier navigation.
4. ****Used proper punctuation and capitalization****: Ensured consistent punctuation and capitalization throughout the text.
